Re: Special Notice Letter
Frenchtown Mill Site - Missoula, Missoula County, Montana

Dear Ms. Piggott:

RockTenn CP, LLC ("RockTenn") has received a Special Notice Letter issued by EPA Region 8 for the Frenchtown Mill site located in Missoula, Montana (the "Missoula Site"). RockTenn is willing to participate in negotiations with EPA and other potentially responsible parties regarding the Missoula Site and the Agency's demand for reimbursement of related oversight costs. By agreeing to participate in these negotiations, RockTenn is neither admitting liability nor waiving any available rights or defenses.

I will be representing RockTenn in negotiations relating to the Missoula Site. My telephone number is (770) 326-8130, and my email address is nbutler2@rocktenn.com.

Sincerely,

A handwritten signature in black ink, appearing to read 'Nina E. Butler', is written over the typed name.

Nina E. Butler
Senior VP & Environmental Counsel
